Rite-Neb 4

NEBULIZER COMPRESSOR SYSTEM

The **Roscoe Rite-Neb 4 Nebulizer System** offers reliability, high performance and convenient size with a convenient carry handle. The simple one-button operation and lightweight design makes it extremely portable and patient friendly. Weighing under 3 lbs, the Rite-Neb 4 includes the compressor, nebulizer, tee, mouthpiece, corrugated reservoir tube, tubing, five extra filters, instruction manual and a five year warranty. The Roscoe Rite-Neb 4 is also available with a reusable neb kit option.

PRODUCT FEATURES

- One-button operation
- Delivers better output for faster treatments and better patient compliance
- Compact design makes it portable
- Quiet at less than 65 dBA
- Compact and lightweight at 2.73 lbs
- Metal piston for durability
- Attractive retail packaging
- Comes complete with compressor, nebulizer, tee, mouthpiece, reservoir tube, tubing and five extra filters
- TruNeb Reusable Neb Kits available – purchase with the compressor or alone
- HCPCS Code: E0570*

A7003* for nebulizer kits

A7005* for reusable nebulizer kits

A7013* for felt filters

PRODUCT SPECIFICATIONS

Dimensions:	6.1" L x 5.5" W x 3.5" H
Weight:	2.73 lbs
Method of Nebulization:	Piston compressor
Maximum Pressure:	30 to 50 psi
Maximum Flow:	6 - 10 LPM
Sound Level:	<65 dBA
Medication Capacity:	5 mL
Particle Size:	< 0.5 µm
Electrical Requirements:	120 VAC/60Hz
Operation Cycle:	20 min. on, 40 min. off
Warranty:	Limited 5 year

OPTIONAL ACCESSORIES

50 PSI Compressor

HEAVY-DUTY AEROSOL COMPRESSOR

**FOR 24/7
CONTINUOUS
AEROSOL AND
HUMIDIFICATION
APPLICATIONS**

The **Roscoe Heavy-Duty 50 psi Aerosol Compressor** is perfect for patients who need humidification and who would also need to receive medication by means of nebulization. It is designed for efficient, continuous high-pressure performance. The powerful piston compressor delivers 50 psi at maximum pressure, dispensing all types of medication quickly and effectively. Due to the unique design of the WOBL piston, the Maverick operates very quietly. It is easy to clean, portable and requires very little maintenance.

FEATURES

- Designed for efficient, continuous high-pressure performance
- Ultra-powerful compressor for both humidification and high flow, high-pressure nebulization of viscous medications
- Easy-to-read pressure gauge
- Optimizes medication delivery by aerosolizing to a particle size of < 2 microns
- Lightweight, durable and easy-to-clean design
- Detachable door protects components
- For use with: hand-held nebulizer systems; heated nebulizers, dual action humidifier/nebulizer, pediatric to adult mist tent; high output pneumatic nebulizers and deluxe nebulizer with oxygen diluter
- Outlet fitting included
- HCPCS Code: E0565*

SPECIFICATIONS

Cliq™ 50 PSI Compressor

The **CX-500** is a 50 psi compressor designed for efficient high pressure performance for extended periods of time. It is intended to administer humidified air or medication into the airways to treat respiratory disorders. Designed for use with heated nebulizers, compatible hand-held nebulizer systems, dual action humidifiers/nebulizers, mist tents, high output pneumatic nebulizers and deluxe nebulizers with oxygen diluter. Includes U-shaped DISS connection for single nebulizer bottle and 2 extra air filters.

FEATURES

- Powerful, efficient, dependable and quiet
- Durable and easy to clean with a portable design for easy transport
- Designed for extended periods of time aerosol and humidification applications
- For use with heated nebulizers, compatible hand-held nebulizer systems, dual action humidifiers/nebulizers, mist tents, high output pneumatic nebulizers and deluxe nebulizers with oxygen diluter
- Excellent airflow characteristics mean lower operating temperatures and longer life
- HCPCS Code: E0565* Compressor, Air Poer Source

Nebulizer Kits

Did you know? By setting up patient resupply schedules for nebulizer kits, you could increase your annual reimbursement revenue per patient by 30%. Additionally, by switching disposable to reusable neb kits, you can save on costs and increase your profit per patient.

Roscoe Medical® Nebulizer Kits

Our Roscoe Medical® Nebulizer Kits are available in either disposable or reusable models to meet the needs of a wide range of patients. They deliver fast and effective treatment efficiently while the easy-seal, threaded cap and anti-spill jar prevent leakage of costly medication. Provides 80% of particles in respirable range.
